

Lubrizoil

COMPANY PROFILE

COMPANY PROFILE

Lubrizoil Oil-Based Lubricating Manufacturing LLC is a UAE-based lubricant manufacturer dedicated to producing high-quality automotive and industrial lubrication solutions for local and international markets. Operating from Al Hamra Industrial Zone, Ras Al Khaimah, United Arab Emirates, the company combines modern manufacturing processes, advanced lubricant technology, and stringent quality control to deliver products that meet the performance requirements of today's automotive and industrial sectors.

Driven by a commitment to quality, innovation, and manufacturing excellence, Lubrizoil develops a comprehensive range of lubricants designed to provide outstanding engine protection, operational efficiency, and long-term equipment reliability. Every product is manufactured using carefully selected base oils and advanced additive technology to ensure consistent performance under diverse operating conditions.

OUR VISION

To become a trusted global manufacturer of premium lubricant solutions by delivering quality, innovation, and reliable products that exceed customer expectations. We strive to set new benchmarks in manufacturing excellence while expanding our presence across international markets through sustainable growth, advanced technology, and long-term customer partnerships.

OUR MISSION

To manufacture and supply premium-quality lubricants through advanced formulations, modern production processes, and reliable supply solutions while delivering exceptional customer service and building long-term partnerships with businesses across the automotive and industrial sectors. We are committed to maintaining the quality standards, and creating sustainable value for our customers.

CORE VALUES

At Lubrizoil, our core values define who we are and guide every aspect of our business. They shape our decisions, strengthen our relationships, and reflect our commitment to delivering premium-quality lubricant solutions. By embracing these principles, we continue to build trust with our customers, partners, and employees while driving sustainable growth & operational excellence.

Lubrizoil manufactures a comprehensive range of automotive and industrial lubricants, including:

AUTOMOTIVE LUBRICANTS

- Fully Synthetic Engine Oils
- Semi-Synthetic Engine Oils
- Mineral Engine Oils

COMMERCIAL VEHICLE LUBRICANTS

- Heavy-Duty Diesel Engine Oils
- Fleet Lubrication Solutions

INDUSTRIAL LUBRICANTS

- Hydraulic Oils
- Industrial Gear Oils
- Compressor Oils
- Turbine Oils
- Circulating Oils

SPECIALTY PRODUCTS

- Automatic Transmission Fluids
- CVT Fluids
- Gear Oils
- Brake Fluids
- Engine Coolants
- Greases

INDUSTRIES WE SERVE

Lubrizoil delivers high performance lubrication solutions designed to meet the demanding requirements of a wide range of industries. Our products are formulated to enhance equipment reliability, improve operational efficiency, and provide long-lasting protection under diverse operating conditions. With a comprehensive product portfolio and dependable supply capabilities, we support businesses of all sizes with solutions tailored to their specific applications.

WE PROUDLY SERVE THE FOLLOWING INDUSTRIES:

- Passenger Vehicles
- Commercial Transportation
- Heavy-Duty Trucking & Logistics
- Construction & Earthmoving Equipment
- Agriculture & Farm Machinery
- Manufacturing & Industrial Processing
- Marine & Offshore Applications
- Mining & Quarry Operations
- Power Generation
- Oil & Gas Industry
- Automotive Workshops & Service Centers
- Fleet Management Companies

Whether supporting daily transportation, industrial production, or heavy-duty operations, Lubrizoil remains committed to delivering premium lubricant solutions that maximize equipment performance, reduce maintenance costs, and ensure reliable operation across every industry we serve.

GLOBAL SUPPLY NETWORK

Lubrizoil supports customers through a well-established global supply network, ensuring reliable product availability and efficient delivery across international markets. With strategically managed manufacturing, warehousing, and logistics operations, we provide timely supply solutions for distributors, wholesalers, workshops, fleet operators, and industrial clients.

Our export-focused operations are designed to serve customers across the GCC, Africa, Asia, and other international regions, supported by efficient shipping coordination, flexible packaging options, and responsive customer service. Through strong distribution partnerships and streamlined supply chain management, Lubrizoil ensures consistent product availability, dependable lead times, and seamless delivery to meet the growing demands of global markets.

QUALITY COMMITMENT

- Superior engine protection
- Enhanced wear resistance
- Excellent oxidation and thermal stability
- Improved engine cleanliness
- Reliable performance in demanding conditions
- Extended equipment life
- Consistent operational efficiency

WHY CHOOSE LUBRIZOIL

- UAE-based lubricant manufacturer
- Modern manufacturing facility
- Advanced blending technology
- Comprehensive automotive and industrial lubricant portfolio
- Flexible packaging solutions
- Strong international distribution network

OUR COMMITMENT

We are committed to manufacturing premium lubricant solutions that deliver outstanding performance, reliability, and long-term value. Through continuous innovation, modern production practices, and a dedication to excellence, we support our customers with dependable products and trusted partnerships across global markets.
